

PZ7111/7112

Pan/Tilt/Zoom Network Camera

10x Zoom • Dual Streams • PoE

VIVOTEK PZ7111 (PoE) / 7112 (WLAN) is a high-performance network camera featuring 10x optical zoom and pan/tilt functionality. The camera is designed for indoor surveillance applications such as retail stores, offices or banks.

The built-in 10x motorized optical zoom module provides greater depth of field when zoomed in. Therefore, it can display clear-cut images on near or distant objects. With flexible 300-degree pan and 135-degree tilt, PZ7111/7112 can give users more comprehensive control over the monitored site. PZ7111/7112 is incorporated with VIVOTEK's self-developed Bach SoC, giving users the advantages of dual-codec (MPEG-4 and MJPEG), dual streams and two-way audio by SIP protocol. With support of dual streams, it simultaneously delivers dual video streams with different resolutions, frame size and image quality to different platforms such as web browser or 3G cell phones.

In addition, PZ7111 is integrated with Power over Ethernet function while PZ7112 with wireless connection, making installation easier and more cost-efficient. The free-bundled, multi-lingual 16-channel recording software helps users to set up an easy-to-use IP surveillance system.

Features

- > 10x Optical Zoom Lens
- > Motorized Pan/Tilt
(Pan: -150° ~ +150°; Tilt: -45° ~ +90°)
- > Real-time MPEG-4 and MJPEG Compression
(Dual Codec)
- > Supports Dual Streams Simultaneously
- > 3GPP Mobile Surveillance
- > Two-way Audio via SIP Protocol
- > Built-in/External Microphone Switch
- > Built-in 802.3af Compliant PoE (PZ7111)
- > Built-in 802.11b/g WLAN (PZ7112)
- > HTTPS Encrypted Data Transmission
- > Digital I/O for External Sensor and Alarm
